**Ms. Jeanne Liew**  
Principal & CEO  
Republic Polytechnic

Dear Class of 2024

What an incredible journey it has been, and my heartiest congratulations to the graduating cohort!

Today, we celebrate not only your academic achievements but also the friendships and memories that you have made at Republic Polytechnic (RP).

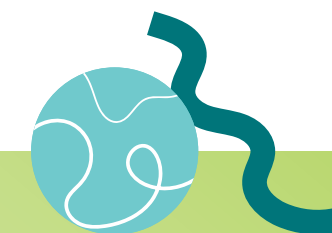

Your time at RP is like a woven tapestry, shaped by the bonds with your peers and guidance of your lecturers and mentors, as you blossomed into the remarkable and resilient individuals that you are today. It has stood you in good stead, equipping you with the skills and knowledge to join the workforce and stamp your mark as future leaders and courageous game-changers.

I am confident that when you look back in the years to come, you will cherish these RP memories that you hold dearly. As you chart the new chapter in life, remember that the RP community will always be here to support you. We believe in your potential, your dreams, and your ability to make a difference, with a heart for the community.

We never stop learning in life as we continue to seek new growth opportunities. I encourage you to reflect on your passions and aspirations. Whether you are entering the workforce or pursuing further studies, our dedicated Education and Career Guidance coaches will support you in navigating the array of career pathways and upskilling opportunities.

Do connect with us through our social media platforms, the graduate portal and RP's alumni club – Club Republic. I look forward to reconnecting with you as part of our 69,000 strong alumni.

Once again, congratulations on your graduation. I wish you all the best in your future endeavours. The journey ahead is yours to forge!

# OSG DIRECTOR'S MESSAGE

**Mr. Ganesh Kalyanam**  
Director  
Office of Student and  
Graduate Affairs

Dear Graduates,

It is with great joy that, on behalf of the Office of Student and Graduate Affairs, I congratulate you on graduating from Republic Polytechnic (RP). Yours has been a sensational journey filled with holistic challenges, great adventures, worthwhile friendships, and other meaningful experiences.

RP has given you a strong academic foundation to be a competent professional. RP has also strived to complement your learning with life skills modules, sports, arts, outdoor activities, service-learning, leadership and enrichment programmes, and interest group participation.

All of you embody the qualities of Professionals, Problem Solvers and Passionate Citizens. Many of you have also blossomed into remarkable individuals who carry the hallmark of a true RP student:

- R RESPECT AND RESPONSIBILITY**
- E EXCELLENCE, TAKING PRIDE IN EVERYTHING THAT YOU DO**
- P PASSION IN PURSUING YOUR DREAMS AND HONING YOUR TALENTS**
- U UNITY, ALWAYS UNITED AS ONE RP, ONE SINGAPORE, ONE WORLD**
- B BELIEF, ESPECIALLY IN YOURSELVES; YOUR OWN RESILIENCE**
- L LEADERSHIP, OF SELF AND OF OTHERS**
- I INTEGRITY, ALWAYS BEING TRUE TO YOURSELF**
- C COMPASSION, EVER WILLING TO GIVE BACK TO COMMUNITY AND NATION**

As you leave RP, I hope you will take the time to reflect on what you have gained and, when the opportunity arises, pay it forward and give back to those who would benefit from your experience and insights.

You are always welcome back at RP to participate in our events, inspire current students, network with industry partners, and reminisce with staff. Your presence at RP, whether physically or through the virtual network, will be greatly cherished.

In addition, while your diploma has prepared you for the workplace, the world is ever evolving, so one has to be a lifelong learner. RP will be there for you as well, with many Continuing Education Training programmes, which we offer to keep you on the cutting edge of your chosen field. Please take advantage of these programmes. Let us partner you on your continuing journey of growth. Please remember to download the RAP, the one app that will help you keep in touch and updated on all the wonderful opportunities, events and CET programmes designed for you our alumni.

As you embark on your pursuit of excellence and happiness, remember that you will always be a part of the RP family. We will always be with you!

Once again, congratulations and may your future continue to be bright.

## SAS DIRECTOR'S MESSAGE

**Dr. Lim Boon Whatt**  
Director  
School of Applied Science

Dear SAS Class of 2024

Congratulations on your graduation from Republic Polytechnic!

You have shown great resiliency and determination in overcoming challenges in your education journey at RP. The Covid-19 pandemic was still a concern when you started your diploma course but things gradually became normal and you were able to have face-to-face lessons and other activities. Nevertheless, you still had to navigate and adapt to the various changes along the way. Hence your graduation is a significant milestone and we have every confidence that you are now ready take on new challenges ahead of you.

We hope your education journey in RP has been enriching, filled with memories of the bonds you have built with your lecturers, mentors and friends. As you move forward to a new phase in life, do remember to stay connected with the SAS family by joining our SAS Facebook Pages, WhatsApp and Alumni Telegram Channel. We hope to keep in touch with you and we look forward to seeing you at our alumni events.

RP has taught you to be a lifelong learner and you have to stay relevant by continuing to learn, unlearn and relearn. Be prepared to embrace new opportunities with confidence and an open mind.

No matter where you go, no matter what you do, never stop believing in yourself and what you can do. Class of 2024, look forward and be ready for the exciting road that lies ahead of you!

## SAS OUTSTANDING GRADUATES

**Loh Wei Wen, Jaci**  
Diploma in Biomedical Science (DBMS)

The unique Problem-Based Learning (PBL) pedagogy in RP has provided me with problem-solving and critical thinking skills. It has nurtured me to become a curious learner with an open mind, which has benefited me during my lessons, internship and final year project. I am thankful to have been awarded the A\*STAR Science Award (Polytechnic) in 2022 and 2023 and been inducted into the Director's Roll of Honour for four consecutive semesters.

Apart from my academic growth, RP has also given me the chance to have a holistic experience. I am grateful for the valuable opportunity to participate in Pre-University Seminar 2022, Teacher's Day Reception 2023 at the Istana, and Nanyang Technological University Lee Kong Chian School of Medicine Anatomy Challenge in 2022 and 2023. As a Peer Support Leader and Head of Logistics in Maven Interest Group, I was able to further hone my leadership skills and contribute to the community through organising a various service-learning activities, which earned me the REPUBLIC Award and Service Excellence Award 2023 (Merit).

I am forever grateful to all my lecturers and mentor, Ms Malini Thyagesan, for her unwavering support and encouragement. I appreciate everyone I have met over my 3 years in RP and my family for always being there for me. Thank you for the unforgettable experiences and for making my RP journey so meaningful. To the class of 2024, my heartiest congratulations and all the best in your next adventure!

## SAS OUTSTANDING GRADUATES

**Tay Mun Jeen**  
Diploma in Pharmaceutical Science (DPHM)

As graduation approaches, I reflect on my three years at Republic Polytechnic (RP), appreciating the valuable experiences and lessons gained. This journey has been pivotal for my personal development, providing profound insights into pharmaceutical science and industry, along with essential interpersonal skills.

The Problem-Based Learning (PBL) methodology at RP profoundly influenced how I approach problem-solving and communication, proving crucial in overcoming real-world challenges. This approach not only nurtured a sense of self-motivation and teamwork skills throughout my learning journey but also elevated my proficiency in delivering engaging presentations.

RP's commitment to holistic growth became evident in my role as Head of Publicity for the Student Council, where I collaborated on events like Orientation and Open House. Furthermore, I represented RP in the WorldSkills Singapore 2023 competition in Chemical Laboratory Technology. It was an enlightening experience as it gave me more insights into analytical chemistry, and I thoroughly enjoyed it.

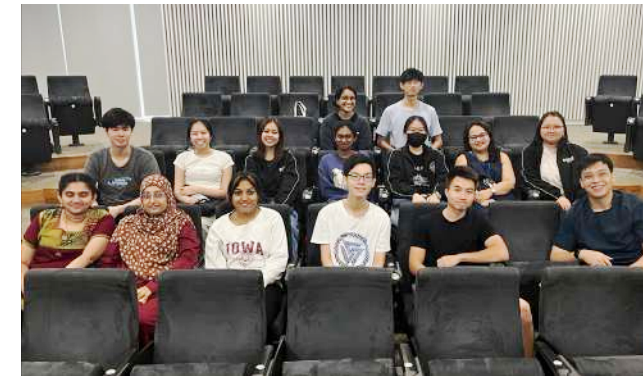

Heartfelt appreciation extends to RP's dedicated lecturers for their unwavering support, friends who made lessons enjoyable, and my family for constant encouragement. Gratitude abounds for RP, providing invaluable opportunities for skill development, experiences, and knowledge acquisition.

## SEG DIRECTOR'S MESSAGE

**Mr. Soh Lai Seng**  
Director  
School of Engineering

Dear SEG's Graduating Class of 2024,

My heartiest congratulations to all of you for reaching this important milestone as a polytechnic graduate!

I am confident that the time you have spent at Republic Polytechnic School of Engineering has prepared you well to be resourceful and adaptable individuals with the head-start needed to contribute your engineering knowledge and skills to both Singapore and the global economy. You have achieved a lot in the past three years, both in the academic and non-academic areas. Many of you have brought great honour to RP by winning awards and medals in national and international competitions, such as WorldSkills Singapore, WorldSkills ASEAN, and the Lee Hsien Loong Interactive Digital Media Smart Nation award. Well done and we are very proud of your outstanding achievements!

The strong engineering foundation that you have gained will enable you to remain versatile and employable. However, you should also be flexible to apply your skills and knowledge to adjacent industry sectors, as well as to serve the community, just like what many of you have done in our Engineering in Community projects. Do continue to empathise with others and help those in need.

Your future jobs will evolve rapidly in tandem with technological advancements as you are graduating into a very uncertain world that requires you to be inquisitive, innovative and curious. Hence, it is important that you embrace lifelong learning. I welcome you to return to RP to pursue Continuing Education & Training courses to deepen or broaden your skills, as well as to build a strong network to support your career progression.

As you look back at your time in RP, you have forged great friendships and built a strong network of contacts. These are important takeaways that will stay with you for a long time to come.

On behalf of SEG, I welcome all of you to the RP and SEG alumni family. I wish you success in your future endeavours and look forward to your contributions as our alumni and ambassador.

## SEG OUTSTANDING GRADUATES

**Ong Yao Sheng, Xavier**  
Diploma in Aviation Management (DAVM)

In the blink of an eye, my Polytechnic journey has ended.

My journey in RP helped me grow holistically. I met amazing individuals and received invaluable opportunities and support. I started as a PFP student and graduated with a Diploma in Aviation Management and a Diploma Plus Certificate in International Business.

The learning culture in RP inspired me. I was inducted to the Director's Roll of Honour every semester, received two Scholarships, two Diploma Prizes, six Module Prizes, and the REPUBLIC Award.

Through Problem-Based Learning, I acquired invaluable soft skills in leadership, teamwork, communication, problem-solving, and critical thinking. These skills led me to excel in my internship at Singapore Airlines and enhanced my non-academic contributions.

I participated in the Pre-University Seminar 2023, Temasek Foundation International's Specialists' Community Action and Leadership Exchange (TFI SCALE) VII 2022, Asia-Ready Exposure Programme, 'Safe in the Woods' Hackathon, and the BEBRAS Computational Thinking Challenge 2022, where I received the bronze award. These events are instrumental to my growth, and I am thankful for them.

To my fellow graduates, congratulations. A new chapter of our life is awaiting us!

To all my lecturers, thank you for everything you have done for us!

Till we meet again!

## SEG OUTSTANDING GRADUATES

**Cha Yi En**  
Diploma in Supply Chain Management (DSCM)

Republic Polytechnic (RP) has been a transformative experience, offering me numerous avenues for personal and academic growth. The Problem-based Learning (PBL) approach not only honed my interpersonal, communication, and leadership skills but also instilled a profound sense of confidence. These skills empowered me to assume leadership roles, such as being the President of the Logistics and Supply Chain Management Student Chapter (LSCMS) and representing RP at significant events like the Polytechnic Forum and Pre-University Seminar.

RP's industry-oriented curriculum provided me with relevant and future-ready skill sets, evident in my seamless integration into my internship and handling of crucial responsibilities. Alongside academic excellence, I was honoured with awards like the Director's Roll of Honour, ST Logistics Scholarship, and Ngee Ann Kongsì Scholarship.

Engagement in community service projects, such as International/Local Service-Learning Projects (ISLP/LSLP) and the Youth Corps Leaders Programme, uncovered my passion for social service, earning me accolades like the Outstanding Service Excellence Award and the Engineering in Community Medal.

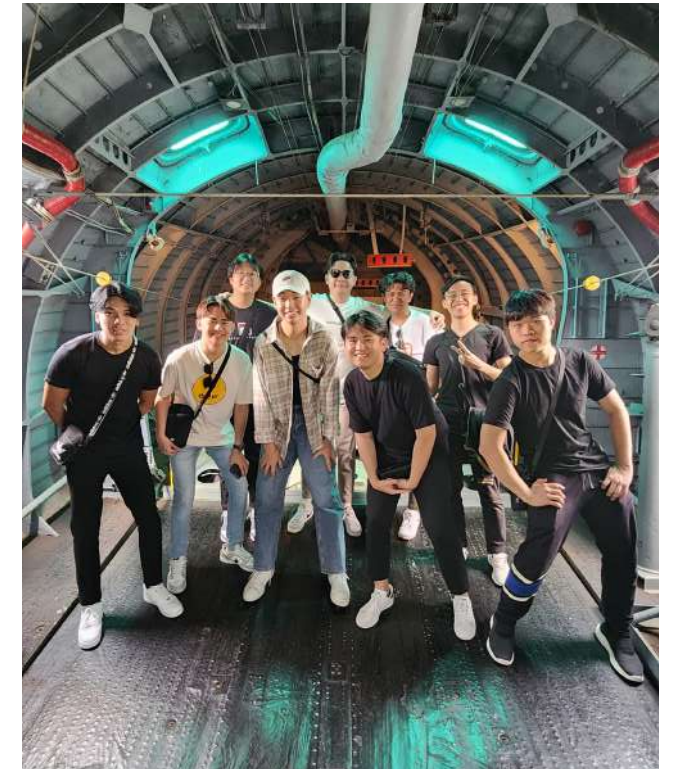

Representing RP at the WorldSkills Singapore National Competition for Freight Forwarding in 2023, I earned the Medallion of Excellence, a testament to the exceptional guidance from my DSCM lecturers and colleagues during my internship. As we, the graduates of 2024, venture into new chapters, I extend congratulations on our shared accomplishments. May our dreams be bold, our endeavours fruitful, and our paths ahead filled with joy, growth, and fulfillment. Gratitude to RP for shaping me into the best version of myself.

## SHL DIRECTOR'S MESSAGE

**Ms. Goy Soon Lan**  
Director  
School of Sports, Health,  
and Leisure

Dear Graduates,

My heartiest congratulations to each one of you for completing the polytechnic chapter of your academic journey, which culminated in the Graduation Ceremony 2024. For most male graduates, your next lap will be the National Service. For the female graduates, yours may be to the workforce or the pursuit of further studies. Whatever route you may take, I would like to leave you some food for thought to sustain you through uncertain times or stressful moments.

- **Armed with a Plan** – In Sports Psychology, we talked about goal-setting plans. What it means is that you have a clear plan of how you intend to reach your goal. Specific and clear goals with a realistic timeline will lead you to greater output and better performance, which in turn will give you a sense of pride and triumph. Thereafter, it propels you forward to seek out your next immediate goal. The small steps of success that you achieve along the way will surely go a long way in building your self-esteem and self-confidence, especially when dealing with setbacks along the way.
- **Armed with the Ability to View Life in Perspective** – I recall listening to 93.8FM deejay Eugene Loh's frequently articulated statement: "If you change your perspective, you will change in life." Upon reflection, I realised the deep wisdom that comes with this phrase. Too often, we are too caught up with our daily lives, only to lose sight of what is really important to us. This is especially true at your age where you perceive the world to be your oyster and you are busy accumulating material gains – an indication to your peers that you have "arrived". It would be all too easy if everything goes smoothly in life. However, life was never meant to be a bed of roses. Above all things, it is through trials and tribulations that will help you realize the fragility of life, which in turn warms your heart to cherish life and all it has to offer.
- **Armed with an Attitude of Gratitude** – When life gets hectic and you begin to feel overwhelmed, take a moment to focus on the people and things that you are grateful for in life. When you are grateful, one of the impacts on yourself is a positive emotional state, which in turn energises your overall emotional well-being and helps maintains a positive outlook. Inevitably, the people around you will be influenced by your little acts of gratitude and change for the better.

In your three years with the School of Sports, Health and Leisure (SHL), we have worked hard together and have shared much joy and laughter. Together with your lecturers, we have prepared you to the best of our ability and equipped you with relevant skillsets for your workplace.

We are confident that each one of you will become good ambassadors for RP and SHL.

On behalf of SHL, I wish you all the best in your future endeavours and look forward to your contribution as our alumni henceforth.

## SHL OUTSTANDING GRADUATES

**Eu Kaijie, Louis**  
Diploma in Health Services Management (DHSM)

My journey began with a childhood question - "What do you want to be when you grow up?" The answer is never simple; it is full of possibilities and aspirations. In RP, I discovered my purpose and identity. There are learning opportunities to enhance our critical thinking and collaboration through Problem-Based Learning. I am empowered to tackle real-world challenges and develop practical solutions. With the tireless support and guidance from my lecturers and loved ones, I am able to receive Director's Roll of Honour for five semesters and five Module Prizes.

Beyond academic growth, RP has holistically nurtured me into a well-rounded and confident individual. As a peer supporter leader and volunteering at the Orange Valley Senior Activity Centre and Service-Learning Club, I embraced opportunities to engage with diverse needs and promote intergenerational bonding. I am humbled to receive the "Make A Difference (MAD) Service-Learning Award" and "Republic Award" for my dedicated services and good character.

Throughout this transformative learning experience, I have gained self-awareness of my strengths and limitations. My compassion and empathy reminded me that everyone deserves to age with dignity and autonomy. This realization has shifted my focus from "What can I be?" to "What can I do to make a difference?" I am ready to make a positive impact and contribute to the betterment of society.

## SHL OUTSTANDING GRADUATES

**Chan Le Ying Rachel**  
Diploma in Sport and Exercise Science (DSES)

My time in RP has been a fulfilling and meaningful journey. It is at RP where I was able to achieve my dream of representing the nation in Football while juggling my studies and attaining my diploma. I am thankful to have been awarded Sportswoman of the year in 2023 and Valedictorian of the 2024 graduating batch.

During my time here, I have gained many niche skills that are very applicable in a real-world setting. Through my Exercise Programming knowledge and Problem-Based Learning (PBL), analysing case studies and devising exercise interventions became second nature. These skills proved to be very useful when I had to craft personalised exercise plans for elderly in a nursing home during my internship stint.

Through the many presentations we had in our three years, I also grew in my confidence and public speaking skills. I would also like to thank my interest group, RP Women's Soccer Team (RPWST), for such a vibrant school life and for giving me so many memories to cherish. It was through our persistence, hard work and camaraderie that we were undefeated champions through the 2023 POLITE and IVP.

57 SMC HIGHLIGHTS

## SMC DIRECTOR'S MESSAGE

**Mr. Tui Jurn Mun**  
Director  
School of Management  
and Communication

To the SMC Graduating Class of 2024,

Congratulations on your graduation and completion of this chapter of your life's journey! You are now ready to embark on your next exciting life adventure. The past three years have prepared you to be your best and enable you to succeed in whatever that you choose to pursue, be it further studies, your career or be an entrepreneur. Always remember that SMC is always here, and we look forward to you coming back to share your stories! I am very proud of your cohort, the Class of 2024, and I look forward to hearing your adventures and accomplishments! I would like to leave you with some food for thought.

### **Prepare, Prepare, Prepare!**

The future is in your hands. Your dreams may seem impossible now, but you will never know when the opportunities may come. Always be prepared and seize the moment when the door of opportunities opens. Get comfortable with being uncomfortable as you navigate life's flow.

### **Challenge Yourself**

There will be times when you discover that life isn't easy. You will feel like giving up but these are the moments that will define your life experiences. Despite the challenges, be brave and take on something new and do something out of your comfort zone. Trust the process and you will realise that the struggles are the ones that will develop you into a stronger and resilient person who never gives up and will eventually achieve success.

### **Change is the Only Constant**

The world is ever-changing and what is relevant today may not be useful in two years. Be prepared for these changes by having an open mind that does not stop learning. There are plenty of opportunities to grow and learn throughout your life. Approach everything with a curious mind and be willing to learn from everyone you meet.

### **You Do You**

Be kind to yourself. Everyone's definition of success is different. Success may not always be securing a high-paying job and collecting material things. Success may be doing what you enjoy and living your best life. Success may mean balancing your career and maintaining a strong relationship with your family and friends. Define your own definition of success and chase after what matters most to you.

Last but not least, stay in touch with us! Share your experiences with your juniors as you are their role models. I look forward to hearing all your exciting and interesting experiences as you embark on this new adventure.

Once again, congratulations, Class of 2024!

## SMC OUTSTANDING GRADUATES

**Adrenna Nora Binte Azmi**  
Diploma in Mass Communication (DMC)

RP has shaped me in a way that I am not only able to grow as a student, but as a person.

When I first entered RP, I was exposed to a new form of learning: Problem-Based Learning (PBL). It encourages critical thinking and collaboration skills that extend beyond the classroom. PBL has equipped me with the ability to analyze situations, devise solutions, and communicate effectively – essential attributes in academics and work.

Moreover, RP's dynamic environment has broadened my perspectives, helping me develop a well-rounded outlook on school and life. I was fortunate to have the opportunity to be a student lead in DMC's integrated communications agency, DMC RePresent, and a student ambassador. These roles have taught me the importance of leadership and have enhanced my skills as a leader.

My experience in RP will be nothing without my lecturers and classmates. I would not be where I am today without the guidance my lecturers have provided, and the unwavering support from my classmates.

From having aspirations to excel in school to it becoming a reality, this journey has not only honed my academic process, but also cultivated qualities that contribute to me becoming a better person.

## SMC OUTSTANDING GRADUATES

**Tricia Ow En Ci**  
Diploma in Business (DBIZ)

My experience at RP has been truly remarkable. I am grateful for the numerous opportunities to engage in diverse learning platforms beyond my regular curriculum, such as the SMC Club, RP Student Council, and external initiatives like the "Realise Your Somerset Project." These experiences exposed me to a wide range of activities, including teaching English to international students from Vietnam and Cambodia, mentoring Department Deputies on proposal writing and event execution in the SMC Club, and creating videos and content for the RP Student Council. Additionally, I successfully secured a grant from the National Youth Council and collaborated with my fellow RP classmates on a sustainability-focused ground-up initiative at Somerset Youth Park from December 16 to 18, 2022.

The mentors at RP played a crucial role in fueling my passion for sustainability, offering valuable guidance throughout my RP journey. Thanks to their support, I received scholarships and the REPUBLIC Award. The Problem-Based Learning (PBL) system at RP was a blessing, allowing me to seamlessly apply theoretical knowledge acquired in class to tackle real-life challenges faced by businesses and governments. This connection is evident in how I applied theories from the "Business and Sustainability" module to the sustainability project. Undoubtedly, RP exceeded my expectations, offering more than I could have imagined!

# SOH DIRECTOR'S MESSAGE

Dear Graduating Class of 2024,

It is my utmost pleasure to extend my heartfelt congratulations to each one of you on this momentous occasion of your graduation.

As you step forth into the world beyond these familiar grounds, remember that the education and values instilled here will serve as a compass guiding you through the complexities of life. Embrace uncertainty with courage, continue to seek knowledge with an open mind, and let your passion be the driving force behind your endeavors.

To the graduating class of 2024, I extend my warmest congratulations once again. May your aspirations soar, your dreams know no bounds, and may success follow you in every endeavour.

**Mr. Fu Chuan Chong**  
Director  
School of Hospitality

## SOH OUTSTANDING GRADUATES

**Lim Ken Cheng**

Diploma in Restaurant & Culinary Operations  
(DRCO)

During my time in RP, I am thankful to have been given many opportunities to hone my leadership skills and contribute to the school in various ways. I was a DRCO Peer Support Leader and led the planning and execution of multiple events, such as the SOH Welcome Camp, RP Freshmen Orientation Program and Diploma Discovery Journey, to name a few. It was a pleasure to work with members from other diplomas and schools to ensure that the events were carried out smoothly. I also had the opportunity to help my juniors by being a peer tutor and the community by participating in service-learning activities such as 'SOH Gives Back: Sereni-TEA. These involvements brought me a great sense of fulfillment and contentment through helping others. As a student volunteer at WorldSkills Singapore 2023, I got to understand the complexity of the competition from a back-of-house perspective. I am glad to share that the school recognized my contribution to these activities and awarded me with Republic Award 2022 and Service Excellence Award 2023. My journey in RP had been nothing short of amazing and I would like to encourage the juniors to grab the multitude of experience made available by RP!

## SOH OUTSTANDING GRADUATES

**Ooi Chen Kang**

Diploma in Customer Experience  
Management with Business (DCXB)

Achieving my dream of becoming valedictorian was far from easy; it marked a challenging and grueling journey that spanned four years in Polytechnic Foundation Program and DCXB. Now, as I proudly feature in the yearbook, I reflect on how joining DCXB has been instrumental in my personal growth, extending beyond academic achievements. Taking on leadership roles, such as overseeing service-learning programs such as Project CompassioNATION and Jenari's Home, as well as actively participating in SOH Club events, has enriched my experience, and shaped me into a more well-rounded individual. One key takeaway from these service-learning programs is to always stay positive despite adversities, empathize with people and to learn to count one's blessings.

Being naturally introverted, expressing myself has always been a struggle. The Problem-based Learning approach made learning fun for me and my peers, taught us to be an independent thinker and has built my confidence in public speaking. With the unwavering encouragement from my mentor and lecturers, I've found the courage and confidence to break free from my shell. The opportunities presented by RP and DCXB have empowered me to venture outside my comfort zone. I am sincerely grateful to RP and DCXB for playing a pivotal role in my personal and academic journey.

I want to convey my profound appreciation to my parents for their unconditional love, which has been my steadfast anchor throughout this transformative journey. To my dear friends, the bonds we've forged are treasures I hold close to my heart. As we embark on a new chapter in life, I extend my heartfelt wishes for success to each one of you. May your future endeavors be filled with joy and accomplishments!

## SOI DIRECTOR'S MESSAGE

Congratulations to the Graduating Class of 2024!

You have achieved a major milestone in your life. We are proud and happy for your achievements. Your journey has been one of growth, resilience, and determination. Transitioning from online classes during the pandemic to in-person lessons on campus, overcoming coding challenges, and ultimately completing your final year project, you have managed them well with tenacity. Many of you took part in activities beyond the classroom, such as serving the communities in service-learning projects, honing your skills in competitions and hackathons and gaining overseas exposure through student exchange, study trips and internship programs. These experiences have honed your teamwork, problem-solving, and leadership skills and connected you to new friendships. These lessons and experiences will serve you well in any endeavour.

As you step into the next phase of your life, continue to stay curious, explore emerging technology domains and continue to learn, iterate, and persevere as you journey through this exciting and rapidly evolving world. Make an impact to our digital economy with the skills and knowledge that you have. Stay connected with the RP Family, come back, share your experiences with your juniors.

Once again, congratulations and wishing you great success in your future endeavours!

**Ms. Wong Wai Ling**  
Director  
School of Infocomm

## SOI OUTSTANDING GRADUATES

**Ho Zhi Hao**

Diploma in Infocomm Security Management (DISM)

In the past three years, we all experienced a smorgasbord of development opportunities, learning journeys, industry and cultural immersions, and many others. Many of us have represented RP in various events such as competitions, forums, and projects in collaboration with industry partners. We even travelled all the way to Japan, while others went to Seoul, for our student overseas trip. I think we can all agree that it was an insightful trip, full of learning and laughter. It has been a memorable three years that you and I can reminisce about.

RP provided us with ample opportunities inside and outside the classroom. We were mentored and prepared for competitions, and most importantly, we were developed into what we are today.

Like many of us, I took advantage of the vibrant student life in RP. Picking up a new sport such as Water Polo. I looked forward to every training session, which I eventually led as Vice-captain. To further develop my leadership potential, I took on the challenge of leading Hextech, as special interested group under the SOI Club. Along with my executive committee, I organized multiple cybersecurity events such as Capture the Flag, Youth Cyber Exploration Programme, where we introduced cybersecurity to secondary school students, facilitating empowerment and self-discovery amongst the younger students.

Being in the Diploma in Infocomm Security Management (DISM) at Republic Polytechnic (RP) allowed me to pursue my passion for cybersecurity. RP provides the opportunity for one to empower themselves and discover their interests through Problem-Based-Learning (PBL). PBL helped me excel in my learning, boosting my confidence. And for all of these, I thank our nurturing lecturers for their guidance and that much-needed push to do a bit more.

We did it! We certainly are now ready for the dynamic IT industry! Congratulation to all of us!

## SOI OUTSTANDING GRADUATES

**Michelle Lin**

Diploma in Digital Design & Development (DDDD)

Here's to us!

As we say goodbye after three incredible years, I am grateful for the camaraderie with remarkable individuals, from cherished classroom companions to supportive peers from other faculties in RP. A special acknowledgment to SOI Club advisors and lecturers for the memorable three years!

I extend special gratitude to all the mentors, lecturers, advisors, and the entire SOI family who have played a role in transforming moments of uncertainty into triumphant achievements. Participating in the Lee Hsien Loong Smart Nation IDM competition and serving as School Club President were enlightening experiences from which I gained invaluable skills.

During my tenure as SOI Club President, my goal was to cultivate a welcoming environment akin to a 'second home' for students to learn and flourish. Additionally, while serving as Vice President of Talent Development in the Cross Polytechnic Girls in Tech group, I found joy in empowering aspiring female technologists. Serving as Vice President of The Globalites provided me with the opportunity to advocate for cultural awareness and educate peers about diverse cultures.

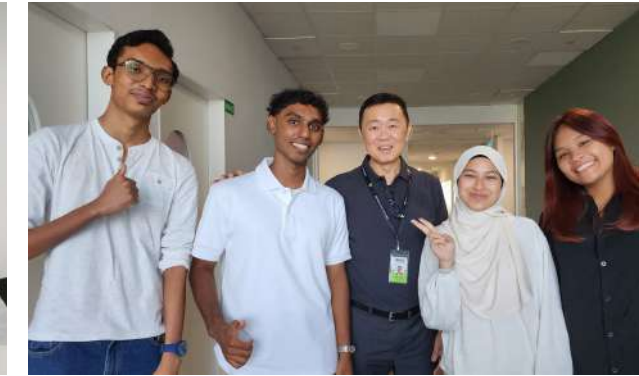

A heartfelt thanks to my SOI family for all the memories, laughter, and enjoyment! To Republic Polytechnic, thank you for fostering my personal and professional development. In the words of Winnie the Pooh, "How lucky I am to have something that makes saying goodbye so hard." I am excited and eagerly anticipate more growth, positive connections, and meaningful experiences ahead.

## STA DIRECTOR'S MESSAGE

**Ms. Emida Natalaray**  
Director  
School of Technology for the Arts

Congratulations STA Class of 2024, you did it!

You are graduating during a time of continued change and uncertainty, but also full of incredible opportunities.

Now is the time to take the lead and seize these opportunities with all your might!

My advice to you is to embrace change, be courageous, and adapt to new circumstances. By doing so, you can discover your full potential and who you truly are. Moreover, embrace challenges with a positive attitude, learn from criticism, and never give up in the face of adversity. Every obstacle and hardship you overcome will make you stronger, more resilient, and bring blessings into your life.

Lastly, make lifelong learning your mantra, constantly striving to learn new things whenever and wherever possible. This will lead to new opportunities and help you stay competitive and relevant in the ever-changing professional landscape.

I hope you find passion and purpose in your work, using your talents to make a positive impact not only in the creative industry but also in the community and the world beyond.

Now, the adventure begins! The world is full of possibilities, waiting for you to explore and conquer. Go forth and make yourself and your alma mater proud!

Congratulations from your lecturers, mentors, and myself. Best of luck in all your future endeavors!

## STA OUTSTANDING GRADUATES

**Constance Ng Kai Yue**  
Diploma in Media Production & Design (DMPD)

My journey through Republic Polytechnic's Diploma in Media Production and Design (DMPD) has been a continuous evolution, marked by invaluable experiences.

Participating in Problem Based Learning was pivotal. Mirroring real-world briefs, I learned to own my work and create empathetic solutions that resonate with clients. Handling both positive and constructive feedback shaped me into a more adaptable creative. Delving into design minutiae, from kerning to padding, became second nature under my lecturer's guidance.

One highlight was working with my peers from different disciplines to create a film and a game in Unreal Engine. In this Special Projects module, we delved into new software, and it underscored the importance of cross-disciplinary collaboration in today's creative landscape. Together, we crafted a comprehensive project featuring captivating visuals, interactive gameplay, rich soundscapes, and user-friendly UI menus.

Receiving accolades such as the Director's Roll of Honour, the Lee Foundation Scholarship, and the Diploma Prize has been affirming. None of this would have been possible without the support of my family, friends, lecturers, and the staff at my internship.

As I continue to grow, I am grateful for the journey and look forward to future challenges.

## STA OUTSTANDING GRADUATES

**Ku Zhi Ying**  
Diploma in Sonic Arts (DSA)

My experience in the Republic Polytechnic Diploma in Sonic Arts has been incredibly inspiring. Delving into various facets of audio, I developed a profound appreciation and passion for the arts.

Republic Polytechnic's problem-based learning approach equipped me with collaborative skills, initiative, and the ability to take ownership of my learning, fostering my growth as a leader.

I participated in three overseas trips, including the STA, DSA, and I&E Student Overseas Trip to Bangkok, Taiwan, and Da Nang. These opportunities inspired me to make a meaningful impact with my work.

I am grateful for the recognition I've received, including the Director's Roll of Honour for four semesters, the Lee Foundation Scholarship, Diploma Prize, and the honor of representing RP in the Polytechnic Forum 2022.

I extend my deepest gratitude to Republic Polytechnic and my lecturers for the opportunities and unwavering support that made this journey truly fulfilling.

GIVING TO RP

## RP ALUMNI FAMILY TREE

To honour and celebrate the contributions of our alumni, RP has constructed the Alumni Family Tree. It is located at the Mound, next to the driveway at Republic Polytechnic Centre (RPC). The Mound's peak represents our alumni's aspirations to reach greater heights. At its prominent position at the polytechnic's entrance, it is visible from all levels within RPC, thus serving as a reminder for students to achieve their best. The Alumni Family Tree was officially launched by the RP Board of Governors on 4 May 2015. It symbolises RP's growing alumni Family – firmly rooted in the values of RP, resplendently branching outwards to new challenges and aspirations. Every leaf represents a cohort of graduates embodying the moral values and strong affiliations forged during their time of learning, friendship and life in RP. From the Class of 2006 to the Class of 2024, RP is proud of you.

# ACE DIRECTOR'S MESSAGE

**Mr. Sim Choon Hou**  
Director  
Academy for Continuing  
Education (ACE)

Dear Graduating Class of 2024,

Congratulations on reaching this momentous milestone! I would like to leave you with two "key phrases" as you look ahead for life beyond RP.

## 1. Stay Relevant

- In a fast-paced world where the only constant is change, always strive to refresh your knowledge and skills to stay relevant in the digital, care and green economy.
- As an institution of lifelong learning, RP's commitment to our graduate and alumni lies in our belief that professional development is crucial for personal growth. RP supports our graduates and alumni by offering industry relevant programmes for upskilling and re-skilling. These ranges from Work-Study Programmes, Specialist Diploma programmes and Short Courses ([www.rp.edu.sg/ace](http://www.rp.edu.sg/ace)).

## 2. Be Passionate

- Your passion and dreams in your lives defines your hopes and aspirations beyond RP. Be passionate in picking up new skills always.
- As you start life on a new journey, it is your zeal and passion for learning that will help you scale the highest mountains.

Let us embark on this journey of lifelong learning together and live our lives with the passion for growth and excellence embracing a perpetual quest for learning and knowledge. Always remember to stay connected with your RP community as you embark on an exciting journey ahead.

Congratulations class of 2024!

## WORK-STUDY PROGRAMME (WSP)

### Hear from our WSP Graduate

"The Work-Study Programme (WSP) gave me a very good head start in my career. I am able to secure full time employment after graduation and receive structured on-the-job training and mentorship in the company. The industry recognized certificate attained will also help me gain advanced standing opportunities to further my studies. The industry recognised certificate attained has also allowed me to gain advanced standing opportunities to complete my degree."

**Mr. Matthew Peh**  
Assistant Manager (Operations), ST Logistics Work-Study Post-Diploma  
(Specialist Diploma in Supply Chain Management), 2018

## GIVING TO RP

### Make a difference and #GiveBacktoRP today!

You can play a part in making a difference in your juniors' lives.

By contributing today, you're not just donating money—you're making a mark in someone's life and helping them to continue their educational pursuit.

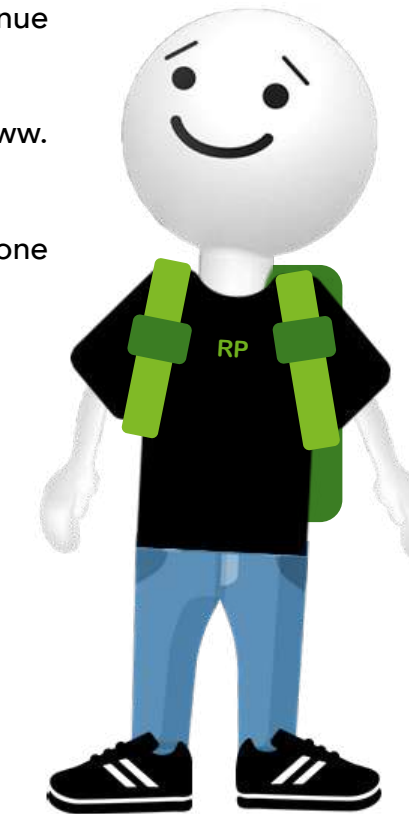

#GiveBacktoRP is now on Giving.sg. You can visit us at [www.giving.sg/rpef](http://www.giving.sg/rpef) or scan the QR code below to donate.

No donation is too small. Every dollar brings your junior one step closer to reach graduation, just as you have.

### Scan to make a difference today!

If you wish to find out more about other RP Giving Programmes, visit <https://www.rp.edu.sg/industry/giving>.

“

The financial assistance greatly benefits me by allowing me to focus on my studies without having to worry about my school fees. I can now work lesser at my part time job and dedicate more focus towards my school assignments.

**Mohamed Shuhaib**  
Year 1, School of Engineering  
Diploma in Industrial & Operations Management

”

“

The awards I received have played a crucial role in supporting me throughout my academic journey in RP, providing me with the peace of mind to focus and perform well.

**Zhao Junyu**  
2023 Graduate, School of Applied Science  
Diploma in Biomedical Science
